Family School Climate Survey

This year we are asking families to help provide input regarding our Layer 1 behavior support systems in our school. We are using what is called the School Climate Survey, or the SCS, to do this.

The School Climate Survey for Families is a Feedback and Input Survey where families help school teams learn about the experiences family members have with the behavior support systems surrounding their students. Families can share their experiences in their own words. School teams will use the results to improve the effectiveness, efficiency, equity, and sustainability of their Layer 1 PBIS (Positive Behavior Intervention and Support) systems. The survey is 19 yes/no and 11 open-ended questions which should take about 10 minutes to complete. All responses are completely anonymous. We have no way to connect you to your answers, and results will only be reported as group responses. There are no right or wrong answers. We want to know about your personal experiences.

This survey will be open from **March 6, 2023, to April 22, 2023.**
