## Latest TikTok Challenge....

Periodically we hear about a new TikTok challenge that our students are trying. When we get this information, we talk to the students/class/grade level trying this new challenge, and we share the information with our families.

The newest challenge involves a person putting a cup or bottle over their lips, inhaling, and pulling the bottle/cup off. This can make the lips swell significantly and can bruise the lips and surrounding area.

At school, we will continue to have conversations about social media and making healthy choices with the students. We encourage our families to have those conversations at home as well as closely monitor your child's online and social media activity.

## Family Morning Meeting

Every classroom will invite families to join their student's class for a Morning Meeting. Some classes have already had their fall family Morning Meeting, some are scheduled, and some are still in the planning stage.

Morning Meeting is a particular and deliberate way that all JFK classes begin their day. All classroom members—grown-ups and students—gather in a circle, greet each other, and listen and respond to each other. Morning Meeting is made up of four parts: greeting, sharing, group activity, and morning message. The components intentionally provide opportunities for students to practice the skills of greeting, listening and responding, group problem-solving, and noticing and anticipating.

If you do not know when your student's family Morning Meeting is, please reach out to their classroom teacher.
