June All School Celebration

As people say, if you don't like the weather in Vermont, just wait a few minutes. The weather forecast changed drastically from last Wednesday when I had to make the call about the date for the End of Year Celebration to the actual day of the celebration! The rain and chilly temperature didn't stop us though. The students and staff still made the absolute best of the day and had a fantastic time. Thank you to all the families that joined us for the day!

Last Day of School

Today was the last day of school for the 2023-2024 school year. It has been a busy year of learning.

We completed our first year in the completely finished building. Our beautiful building was completed and our students enjoyed all the new spaces this year. As we spend more and more time in the building, we continue to perfect what each space can be used for to best support our students. It was a great year in all the new spaces without any construction!

We finished our second year of our new ELA and Math programs. Last year we introduced EL as our new EL program, and Illustrative Math as our new Math program. These rigorous, rich programs continued this year. Our students made amazing academic growth this year and were exposed to a variety of concepts and ideas.

We continue to highly value our staff at JFK. We have an amazing community of adults that support all our students and families. Every teacher will be returning to JFK for the 2024-25 school year. Some of our support staff are retiring or moving onto new job opportunities. We wish them the best of luck!

As always, we could not make the magic happen at school every day without the support of our families. We appreciate all the support and encouragement you give your students and us. Thank you!
